PROSPECTUS

Our Team

We are a group of transition year students in Blackrock College. What makes our team unique and sets us apart from others is how we can envision a goal and work towards it. We accomplish these goals by working together and working on each aspect of the goal individually.

WHAT IS F1 IN SCHOOLS

F1 in Schools is the fastest STEM competition for secondary school students! From here, you can learn how to use CAD/CAM software, to collaborate, design, analyse, manufacture, test, and then race miniature compressed air powered cars made from F1 model blocks.

“If you want to live a happy life, tie it to a goal, not to people or things.”

ALBERT EINSTEIN

IN-KIND SPONSORS

In-Kind Sponsors are a core part of our team, they offer services in areas that are crucial to the project.

E.g. Printing, Website Hosting, CNC Machining.
